

Please  
write & let me know  
your movements, I feel  
so lonely being separa-  
ted so far from you,  
I wish I could see  
you. I am so much  
afraid the Yankees  
will get us, & separate  
me from Charlie, I  
have three negro women  
& five small children,  
who if you move, I must  
see you to take in your  
cars. I wish you would  
let me know one of

me & your family - I would  
not be a price to be so far from you.

Please come to see me  
I'd like a cent to thank

The Yankee mules  
to drive in my carriage  
until I recover mine,  
or get to Charlie.  
I cannot possibly  
do without another.  
Even to haul wood. Maggie
