

My dear Judge

I have the pleasure
to enclose herewith the
document which will
enable you to go on with
your Salt works without
fear of restriction from
your boats or Dist. Stops.
I need not say how
much I am pleased
at being able to send
it to you, or how sincerely
I hope that you will soon
be upon the same footing
of prosperity, which you had
obtained by the force of
your own exertions before
the war.

Be kind enough to
make my kindest
regards to your family,
& believe me

Dear friend
